SERVICE AGREEMENT 2022-2023

We appreciate the **Free Tourism2030 – Service for our certification programme** and will continue to provide our information for the Certification Quickfinder and the Green Travel Maps.

Name of the Certificate: _____

Organisation: _____

First Name, Family Name: _____

Tourism2030 Username **): _____

Place, Date: _____

Signature and Stamp: _____

*) ECOTRANS first informs the certification programme as owner of the list about the interest of a marketing partner in using your list of certified tourism on the Green Travel Maps for promoting your certified businesses and destinations in their products and services - to boost sustainable tourism as a contribution to the sustainable development goals 2030. In agreement with the certification programme ECOTRANS will then provide your listing on the Green Travel Maps as RDF export for that purpose only. The certification programme keeps their listing on the Green Travel Maps up-to-date (at least every six months: January & July).
