Step 1: login

Step 2: fill in

Step 3: get your results

10 good reasons

TourBench

1. Available in a choice of nine languages
2. Keeps you up to date with European eco-certification services
3. Free access to a personal environmental benchmarking system
4. Records your environmental consumption
5. Tracks your environmental performance
6. Print and Save option for environmental measurement reports
7. Calculates potential savings when installing energy and water technologies
8. A valuable and powerful environmental measuring tool
9. Helps you comply with the monitoring requirements of certification and awarding schemes.
10. An easy way to manage utility bills

TourBench: less = more

TourBench was developed with the support of  
the European Union LIFE program &  
the Deutsche Bundesstiftung Umwelt.
